074111 EDDIE – EDIBLE INK PRINTER

Eddie® prints on various food items like frostings, cookies, cupcake toppers and macarons. Every Eddie bought from DTM Print or a DTM Print partner comes with a free 3-year warranty* after product registration. Designed for food processing environments, Eddie features stainless steel housing, easy-to-clean parts and certified ink approved by the EU and FDA, making it the safest direct-to-food printer in its class.

074113 EDDIE LITE – EDIBLE INK PRINTER

Eddie Lite is based on the 074111 Eddie, has the same functionality and free 3-year warranty* after product registration, but comes without the carousel (base and tray) – perfect for customers who are just starting their edible printing business.

*Valid for all units purchased in the EU, UK and EFTA-countries. For more information about the 3-year warranty provided by DTM Print, please visit register.dtm-print.eu

1

EDDIE EDIBLE INK PRINTER & ACCESSORIES

Eddie includes: one edible ink cartridge (053499), one DTM Manual Tray (053259DTM-M0001), USB 2.0 cable, EU power cord and instructions. NiceLabel Free DTM Edition and BarTender UltraLite design software for Windows (for Mac please ask) as well as printer drivers for Windows and macOS can be downloaded from the DTM Print website. Carousel (base and tray) is included with the 074111 printer model.

EDDIE EDIBLE INK PRINTER BUNDLE	MSRP EXCL. VAT
074111 **Eddie** Edible Ink Printer – **with** carousel (base and tray)	2,995.00 €

For 63.5 - 110 mm items
(extend with carousel trays).

053255 EDDIE PLATFORM KIT

The Eddie Platform Kit includes a platform tray for items ranging from 25.4 to 50.8 mm in height, along with two risers for printing on items shorter than 25.4 mm. Easily print on donuts, bagels, chocolate bars and other larger treats.

The maximum item size supported is 114.3 mm wide by 50.8 mm high.

FREDDIE THE FROSTING MACHINE & ACCESSORIES

074150 FREDDIE – THE FROSTING MACHINE

Freddie®, the Frosting Machine, automatically pipes and floods cookies and biscuits of nearly any shape using your own royal icing. Freddie leverages an advanced vision system called FreddieVision™ and topographic sensors to analyse your specific icing recipe and the surface characteristics of each cookie or biscuit, calculating the precise amount of frosting required and its exact placement.

Freddie operates in both carousel and manual modes, with carousel mode being the most efficient. It accommodates up to 12 cookies at a time and for non-uniform shapes the included NSF-certified trays ensure proper alignment.

Freddie includes: one carousel (base and tray), two Freddie Icing Tubes (053281), one tube holder, one Tray Kit (six larger black trays for use with carousel tray; 053280), USB 2.0 cable, EU power cord and instructions. FreddieView software for Windows as well as driver for Windows can be downloaded from the DTM Print website. Every Freddie bought from DTM Print or a DTM Print partner comes with a free 3-year warranty* after product registration.

FREDDIE THE FROSTING MACHINE	MSRP EXCL. VAT
074150 Freddie The Frosting Machine	5,695.00 €

CONSUMABLES & ACCESSORIES FOR FREDDIE THE FROSTING MACHINE	MSRP EXCL. VAT
053280 Tray Kit (six larger black trays for use with carousel tray)	69.00 €
053281 2 Food Safe Icing Tubes	120.00 €

*Valid for all units purchased in the EU, UK and EFTA-countries. For more information about the 3-year warranty provided by DTM Print, please visit register.dtm-print.eu
This pricelist is not an offer for sale. All prices are for Export EXW Wiesbaden/Germany and subject to change without notice.

DTM EDDIE TRAYS

CUSTOMISED FOOD TRAYS FROM DTM PRINT

In conjunction with the supplied carousel feeder, Eddie can print on suitable food products with a maximum diameter of 89 mm and a height of 20 - 25 mm. This can be extended to a width of 120 mm and a height of 27 mm by manual feeding.

Platform Kit
Width: 0 mm - 120 mm
Height: 30 mm - 60 mm

Manual Operation
Width: 0 mm - 120 mm
Height: 2 mm - 27 mm

Carousel Operation
Width: 0 mm - 105 mm
Height: 3 mm - 19 mm

CERTIFICATIONS

DTM Trays are made of PLEXIGLAS XT Colourless 0A000 (20070). The material of the trays consists of PMMA (polymethyl methacrylate) and the monomers used in production. Due to their smooth surface and the fact that they are dishwasher safe, no bacteria or mould can build.

The material used for the trays meets the requirements
- of the EU Regulation No. 10/2011, whose directives deal with plastic materials and items that come into contact with foods
- of the XXII - Recommendation for food contact materials in Germany of the Federal Institute for Risk Assessment (BfR) for polymers based on esters of acrylic and methacrylic acids, their copolymers, and mixtures of these with other polymers
- of the FDA regulations in force in the USA 21 Cfr §177.1010 (Acrylic and modified acrylic plastics, semirigid and rigid).

The DTM Manual Tray M0001 and DTM Carousel Tray CT0000 also have a certified food grade silicone layer to provide a better grip on the surface for smaller objects and prevent them from moving during printing. We certify that they are manufactured from materials which are listed according to FDA § 177.2600 and BfR guideline Silicon XV.

DTM Trays are designed especially for Eddie and produced by DTM Print in Germany.
